SOC Blue Teaming professional with expertise in SIEM monitoring, log analysis, threat detection, incident response, and security automation, committed to building scalable and resilient cyber defense systems.

Education

VIT Bhopal University

Integrated MTech

Major in Computer Science; Minors in Cyber Security and Digital Forensics

Cumulative GPA: **8.11**

Bhopal, Madhya Pradesh

Expected May 2026

SMT. CHM College

12th Standard

Maharashtra State Board PCM + Electrical Maintenance | Percent: **92.17**

Ulhasnagar, Maharashtra

Aug 2021

Skills & Tools

Competitive Coding: LeetCode 1440+ (187+ solved), Neopat 2000+ (Top 0.5% of 15K).

Certifications: Blockchain & Its Applications (NPTEL), Certified Python Programmer (Guvi)

Languages/Frameworks: Python, SQL, PHP, TypeScript, Next.js, Tailwind CSS

Technical Skills: Threat Detection and Response, MAPT, WAPT, VAPT, Malware Analysis, Cryptography

DevOps & ML: Docker, Kubernetes, Terraform, GitHub Actions, Pandas, Scikit-learn, TensorFlow, A/B Testing, GTmetrix

Achievements

- Won Smart India Hackathon 2023 for developing solutions to educate about Namami Gange.
- Successfully delivered 100+ projects via Freelancing in past 2 years

Work Experience

Full Stack Developer [View Site](#)

Feb 2024 - Feb 2025

Zoff Foods (Shark Tank India Brand)

- Optimised Shopify checkout (70% fewer steps), applied conversion-focused eCommerce strategies, and validating results via A/B testing, took care of internal security, trained employees about personal safety and workplace safety precautions
- Redesigned UX/UI based on 8,000+ customer surveys, increasing session duration by 35% and enhancing engagement through user-generated content integration.

Full Stack Developer - Internship

Sept 2024 – Dec 2024

Defense Research and Development Organization (DRDO), India

- Coded a user-friendly web interface within the Network Traffic Analysis System, allowing quick retrieval of key metrics that empowered 15 analysts daily to respond swiftly to potential cybersecurity threats without delay.
- Helped integrate AI-driven predictive models and NLP-based threat analysis into the grievance portal, improving policing efficiency by 23% and optimizing police resource allocation.

Projects

TheCyberDelta Team Projects (PHP, Laravel, MySQL, React, Django, Bootstrap) [View Site](#)

Dec 2021 - Jan 2024

- Developed and secured TheCyberDelta.com, engaging 10M+ users via WordPress and Tailwind.
- Built scalable Capture The Flag (CTF) portal for 2.5K+ users using Python, PHP, and Next.js in collaboration with GFG.
- Made a custom unforgeable certificate generation solution tailored for internship programs, enhancing the tracking of achievements for over 200 participants each cycle and decreasing the turnaround time for certificate issuance by 90%.

Chacha Chaudhary Digital Twin for NMCG (Python, Nextjs, Tailwind, Shadcn UI) [View Site](#)

Dec 2023

- Built an interactive web mascot using 11Labs API, RAG pipelines, live speech-to-video generation, added jailbreak safety.
- Implemented vector databases to enhance bot security, preventing responses to off-topic or sensitive inquiries.

UniChar (Nextjs, Tailwind, Flask, Python) [View Site](#)

- Integrated a custom built Unicode and metacharacter handling library in flask powered by AI for secure text parsing, encoding, input validation and exploit mitigation into NextJs based web app.
- Implemented Unicode normalization, regex AST parsing, and basic OWASP- aligned input filters.

RFID + Hyperledger Inventory System - Hardware (Php, C++, Arduino IDE, MySQL, Bootstrap)

Feb - June 2023

- Created a blockchain-based RFID system, using Esp32 for secure transportation of perishable goods, making food supply chains smarter. Led and managed a team of 5 with different mindsets.

Extra Curricular

Club Activities

Feb 2022 – Feb 2024

- Unstop Igniters Club – Head of PR & Outreach - *Conducted 3 mega events*
- iOS Club – Tech Lead (*Organized a CTF with 600+ simultaneous players and Gameflix with 400+ players using Firebase backend*)
- TheCyberDelta - Managed 110 team members, implemented proper project management and deadline fulfillment
